Inspired by the love of music and wine, the Band Blend story began over ten years ago at the Little Family's home estate in Sonoma Valley where vineyards and music are paired together seamlessly. With an on-site recording studio, and the bands music flowing through the vines, it was quickly discovered that band practice was better with a *Little* wine. Now is your chance to see Band Blend Live as we take Band Blend on tour!

Band Blend was hand crafted by the Little Family for wine enthusiasts and music lovers to enjoy.
